If you own a house, car or other significant assets, but are struggling to keep up with payments, Chapter 13 bankruptcy offers you the opportunity to restructure and possibly reduce your debt. Sampson-Roberts & Associates is well-versed in all areas of bankruptcy law, including Chapter 13. In Macon and Stockbridge, we have more than 15 years of experience helping people eliminate their debt -- and keep their hard-earned property in the process -- through the protections of Chapter 13 bankruptcy.

The benefits of Chapter 13 bankruptcy

Under Chapter 13, your debt is restructured into a manageable payment plan in which you are responsible for paying back from 1 percent to 100 percent of what you owe. As long as you keep up with your payments, you will be able to keep your house, your car and other property.

You qualify for Chapter 13 bankruptcy if:

- You have sufficient income to meet your repayment plan
- Your secured debts (including a mortgage) do not exceed \$1,081,400 and unsecured debts (such as credit card balances) do not exceed \$360,475
- You are up to date with your income tax filings.
