Immediate Help for Income Tax Trouble from an Experienced Macon Tax Relief Attorney

Skilled at handling IRS and Georgia Department of Revenue matters

Falling behind on federal or state income taxes can lead to serious consequences for your family or business. And trying to get information from the IRS and state tax agencies may prove frustrating. Sampson-Roberts & Associates, tax relief attorneys in Macon and Stockbridge, know how to deliver clear and concise information and help you take control of your tax problems.

Guiding you through your tax relief options

The term tax relief refers to tax breaks and write-offs that reduce the amount of taxes individuals or businesses owe to local, state or federal tax agencies. If you find yourself unable to pay all your taxes, a reliable Georgia tax relief lawyer can help. With more than 15 years of experience representing clients throughout the South Atlanta area, attorney Lisa Sampson-Roberts offers a comprehensive overview of your options, including:

- Repayment through installment agreement plans
- An offer in compromise, in which the IRS agrees to accept less than the full amount of the taxes owed
- Penalty abatement
- Discharge of taxes through bankruptcy

If your tax situation has become urgent, we offer same-day consultations. Lisa Sampson-Roberts and her friendly, professional staff are here to answer any questions you have about your tax debt. We listen carefully and set your tax resolutions in motion without delay.
